PRESIDENTS MESSAGE

Since reported in the last SCOOP the final draft plan of the Sorrento Boat Harbour which was anticipated to be currently on display has been delayed by the requirement to include a berthing facility for the Vehicular Ferry. This ferry, the construction of which is nearing completion has been granted a licence to operate and is proposed to go into service in July, 1987.

Meanwhile your Committee is continuing its discourse with Shire officials and invite you as members to discuss with us individually any aspects of the proposals. If you wish to do so contact either the Hon. Secretary Bill Davis, or Committee Member Tim Phillips.

The opportunity should not be missed to thank the Committee stalwarts for the time and effort to Couta Boat Club affairs in 1986 and in preparedness for 1987.

- Running a Yacht Club is no joke I can assure you! - and particular thanks go to Bill Davis, your Secretary who does all the hard and tedious work. To the Vice President in charge of Public Relations John Ross. To the Editor Jamie Spencer. To the Social Secretary Jill Hartley ably assisted by Clive Beckingsale. To the Membership Officer for his methodical work. To Treasurer Tim Ryan. To Will Baillieu whose Burgee is a great success to mention but one small contribution from him and to all others who aren't mentioned and should not be overlooked. Please continue to give these people your assistance and co-operation.

A more than pleasant Christmas Season to all of them and to all of you.
